CORPORATE PROFILE

Our eco° global industries is an enterprise specialising in products and services across: Energy Sector, Heavy Industries, Technology Sector, Education Sector, Transportation Sector and Lifestyle Sector such as Appliances, Health & Food. eco° focuses on delivering eco-friendly, health-focused and smart solutions and services to improve lives and safeguard our environment.

MANUFACTURING PLANTS

Our production facilities follow the highest of quality standards in the United Kingdom and European Unions. We source our ingredients sustainably and produce them under rigorous Research & Development labs to ensure high quality and high effectiveness. Our GREEN HEALTH mission focuses on innovative organic – both natural and engineered – herbal properties. With many great plants found across the globe, our Research & Development teams continuously strive to unlock and deliver better health solutions.

We specialise in the manufacturing of **GREEN HEALTH & CBD SUPPLEMENTS**, serving worldwide clients from our regional offices in United Kindom, Turkey and Vietnam. Our manufacturing facilities are located in United Kingdom, Poland and Slovenia.

WELLNESS

MEN WELLNESS

WOMEN WELLNESS

KIDS WELLNESS

With our increasingly busy life, we often neglect our wellness and health. Explore our eco° HEALTH ranges for organic wellness and general health options.

MANUFACTURED IN UNITED KINGDOM

QUERCETIN COMPLEX

Our Quercetin supplement provides high-quality quercetin combined with the ideal blend of bromelain, bioflavonoids and vitamin C. Suitable as a food supplement to reduce allergic responses and boost immunity, as well as provide antioxidant

VITAMIN B COMPLEX

Our high quality VITAMIN B complex supplement provides a full range of essential B vitamins to include B1, B2, B3, B5, B6 & B12

VITAMIN C COMPLEX

We use a blend of pure vitamin C powder (ascorbic acid), acerola cherries and rosehip, in a vegetable cellulose capsule to form our vitamin C complex supplements. Acerola (*Malpighia emarginata*) and rosehip (*Rosa canina*) are both well known for their rich vitamin C profile, including naturally occurring bioflavonoids, which can assist with the absorption of vitamin C.

NATURAL VITAMIN E

We use D-Alpha Tocopherol Succinate in our vitamin E supplement. D-Alpha Tocopherol is a natural and potent form of vitamin E that is often more beneficial for humans. The liver is found to excrete all other forms of vitamin E, but re-secretes alpha tocopherol into the body for use in our cells

DIGEST & CLEANSE

Our Digest & Cleanse is a reformulated product which now contains a blend of natural and high quality ingredients, formulated for the digestive system as part of our Digest Programme. Digest & Cleanse contains oregano, quercetin, garlic, ginger, bilberry, clove, grapeseed extract, fennel seed, lemon balm leaf, shiitake mushroom, lavender flower, magnesium and white willow bark.

SELENIUM

We use L-Selenomethionine in our high-strength selenium supplement, as it is an organic form of selenium rather than synthetic. The bioavailability of selenium from L-selenomethionine has been shown to be up to 3 times higher than that of inorganic forms of selenium

PABA

PABA, short for para-aminobenzoic acid, has often been considered a B vitamin because of its water-soluble properties. PABA is a structural part of folic acid that is known for many health benefits. It is considered a nutrient rather than a vitamin, as the bacteria within the colon of a healthy person can produce PABA naturally.

DIGESTIVE ENZYMES

Digestive Enzymes is our reformulated digestive enzyme formula. Based on our Digestive Enhance product, our new formulation provides all the same benefits as before with some additional improvements to the blend.

MSM

Methylsulfonylmethane (MSM) is a potent anti-inflammatory commonly used to aid with the following illness: osteoarthritis, rheumatoid arthritis, tendonitis, and tenosynovitis and other gastrointestinal disorders like constipation, hemorrhoids, and diverticulosis

NATURAL BETA-CAROTENE

Beta-carotene is a red-orange pigment, found in carrots and other colourful vegetables. The body converts beta-carotene into vitamin A, which makes it usable by our cells. Beta-carotene has been shown to neutralise free radicals, which can help combat natural oxidative damage.

DMG-15

Our DMG-15 supplement provides pure dimethylglycine. Calcium gluconate is also blended into our formulation to produce a more complete health supplement.

CAL-MAG

Cal-Mag is our unique take on powdered blend of calcium, magnesium and organic cider vinegar. Cal-Mag is designed to deliver these important minerals as acetates, making them more readily absorbed by the body.

CALCIUM NITRATE

Our Calcium (citrate) supplement provides 200mg of elemental calcium citrate within two vegan capsules. Calcium citrate is a highly absorbable form of calcium. It is a calcium salt that may be used to replenish calcium, that is why we only use pure calcium citrate in our calcium supplement.

MULTI MINERAL

Multi Mineral is a unique supplement formula, providing 13 essential minerals in a single vegan capsule. Out of the 13 minerals that are provided within Multi Mineral, eight are chelated, find out more about chelated minerals below.

IMMUNE PROTECTOR

Immune Protector provides a uniquely balanced blend of essential vitamins and minerals that contribute towards the normal function of the immune system

CLOVES

Our Cloves Supplement is of the very highest quality, providing pure clove powder within a vegan vegetable capsule. There's nothing added and nothing unnecessary. Each capsule provides 500mg of clove powder.

GINKGO BILOBA

Ginkgo is thought to be one of the oldest trees on the planet, first growing about 190 million years ago. Ginkgo leaves have been shown to naturally contain two types of phytochemicals, flavonoids and terpenoids.

ORGANIC ALFALFA

Alfalfa is a perennial botanical, naturally rich in vitamins, minerals and other nutrients. Our Organic Alfalfa supplement comes in the form of a vegetable cellulose capsule.

SIBERIAN GINSENG

Siberian Ginseng is a shrub native to south-eastern Russia, China, Korea and Japan. It grows in the forest and has been used in Chinese culture for over 2000 years. Siberian ginseng is an adaptogenic herb. Our Siberian ginseng is 100%, with no additives or adulterants.

EVERYDAY NUTRIENTS

Everyday Nutrients is the ultimate daily multivitamin supplement, containing a powerful blend of vitamins, minerals, and nutrients, designed to support a healthy diet.

VITAMIN B1 + C

Vitamin B1 + C is a high-quality supplement that provides a unique formula that combines calcium phosphate, vitamin C and vitamin B1. The vitamin C within this blend is from pure ascorbic acid, which provides high-levels of natural vitamin C. Thiamine (vitamin B1) is then mixed carefully with the vitamin C already in the supplement to create a perfectly blended health supplement.

FERTILITY

MEN FERTILITY

WOMEN FERTILITY

Explore to find our organic aids for a wide range of fertility wellness and health supplements

MANUFACTURED IN UNITED KINGDOM

MEN FERTILITY

Our Fertility Men supplement is a synergistic formula that is designed to help support normal fertility and reproduction. Within this formula, normal fertility and reproduction is supported by the inclusion of zinc and selenium, among other minerals. The blend is designed to help the body function holistically and cope against oxidative stress which might contribute to sub-optimal fertility.

WOMEN FERTILITY

Our Fertility Women supplement is a synergistic formula that is designed to help support normal fertility and reproduction. Within this formula, normal fertility and reproduction is supported by the inclusion of zinc and selenium, among other minerals. The blend is designed to help the body function holistically and cope against factors such as oxidative stress which might contribute to suboptimal fertility.

GINKGO BILOBA

Ginkgo is thought to be one of the oldest trees on the planet, first growing about 190 million years ago. Ginkgo leaves have been shown to naturally contain two types of phytochemicals, flavonoids and terpenoids.

SIBERIAN GINSENG

Siberian Ginseng is a shrub native to south-eastern Russia, China, Korea and Japan. It grows in the forest and has been used in Chinese culture for over 2000 years. Siberian ginseng is an adaptogenic herb. Our Siberian ginseng is 100%, with no additives or adulterants.

SAW PALMETTO

Our Saw Palmetto supplement provides pure saw palmetto powder, combined with zinc, which can contribute to normal testosterone levels in the blood, fertility, reproduction and maintenance of hair.

PREGNANCY

BEFORE PREGNANCY

DURING PREGNANCY

AFTER PREGNANCY

Explore to find more information about our range of supplements and vitamins, suitable for during pregnancy health improvement

MANUFACTURED IN UNITED KINGDOM

CHOLINE & INOSITOL

Our Choline & Inositol supplement is a blend of 250mg of high-quality choline and 250mg of high quality inositol in a vegan capsule

DHA ALGAE

DHA contributes to the maintenance of normal brain function and vision. Maternal intake of DHA contributes to the normal brain development of the foetus and breast fed infants. Our DHA algae supplement is a vegan omega-3 supplement. DHA, or docosahexanoic acid, is a long-chain omega 3 fatty acid usually found in fish alongside EPA (eicosapentaenoic acid). Our DHA Algae is sourced from algae making it completely vegan.

SELF CARE

SKIN & FACE CARE

HAIR CARE

NAILS CARE

Self care is often the most neglected aspects of our care regime. Explore to find our supplements to support your journey towards better health: face care, skin care, nails care and hair care.

MANUFACTURED IN UNITED KINGDOM

HAIR, SKIN & NAIL

Hair, Skin & Nail is a supplement with a difference. Our unique blend brings together a balanced blend of vitamins and minerals that contribute to the maintenance of normal hair, normal skin and normal nails. Our Hair, Skin & Nail formula also contains OptiMSM, spirulina, bamboo and hyaluronic acid. These incredible ingredients help us create a beauty supplement like no other, supplying a host of natural beautifying nutrients.

SKIN CARE TREATMENT
PAIN RELIEF TREATMENT
SLEEP CARE TREATMENT
ANXIETY CARE TREATMENT
CHRONIC PAIN TREATMENT
ADDICTION TREATMENT
SEIZURE TREATMENT

SKIN CARE – treatments for eczema and a host of other skin diseases like dermatitis, seborrheic dermatitis, varicose eczema, psoriasis, lichen planes, and acne rosacea

PAIN RELIEF – treatments for muscle tension, joint pain, tendonitis, arthritis, and other pain caused by exercise or aging. It is known also to reduce inflammation from the inside out and reduce tension in the body.

SLEEP CARE – helps to relieve sleeplessness due to normal aches and pains from exertion or age. CBD also helps to relax the mind and body and promote a healthy stress response to promote feelings of tranquility.

ANXIETY CARE – CBD helps relieve many symptoms associated with daily stress and has been shown to promote a strong immune response

WHAT IS CBD?

CBD, or cannabidiol, is derived directly from the hemp plant. With evidence for its effectiveness in treating some of the cruelest childhood epilepsy syndromes, such as Dravet syndrome and Lennox-Gastaut syndrome (LGS), which typically don't respond to antiseizure medications, CBD is able to reduce the number of seizures, and, in some cases, stop them altogether. Animal studies, and self-reports or research in humans, suggest CBD may also help with:

ANXIETY- Studies and clinical trials are exploring the common report that CBD can reduce anxiety.

INSOMNIA - Studies suggest that CBD may help with both falling asleep and staying asleep.

CHRONIC PAIN - One animal study from the European Journal of Pain suggests CBD could help lower pain and inflammation due to arthritis when applied to skin. Other research identifies how CBD may inhibit inflammatory and neuropathic pain, which are difficult to treat.

ADDICTION - CBD can help lower cravings for tobacco and heroin under certain conditions, according to some research in humans.

CBD OIL

FULL SPECTRUM

PURE CBD + OIL

BROAD SPECTRUM

Explore to find more information about our range of supplements and vitamins, suitable for general health improvement. Manufactured to meet the highest of European standards, our supplements are distributed worldwide.

MANUFACTURED IN EUROPE

FULL SPECTRUM CBD

LESS THAN 0.2% THC

Our Full Spectrum CBD offers a wide range of concentration: 5%, 10% and 20% as well as available in different flavours: lemon, orange, mint, strawberry, lavender, chocolate and vanilla.

Full Spectrum CBD contains the most beneficial components to aid with various illness such as epilepsy, anxiety, inflammation and pain release. Our Full Spectrum contains both CBD and a very small percentage of THC (less than 0.2%).

BROAD SPECTRUM CBD LESS THAN 0.05% THC

Our Broad Spectrum CBD offers a wide range of concentration: 5%, 10% and 20% as well as available in different flavours: lemon, orange, mint, strawberry, lavender, chocolate and vanilla.

Our Broad Spectrum contains less than 0.05% THC, offering the most beneficial components to aid with various illness such as epilepsy, anxiety, inflammation and pain release

PURE CBD + OIL 0.00% THC

Our Pure CBD + Oil CBD offers a wide range of concentration: 5%, 10% and 20% as well as available in different flavours: lemon, orange, mint, strawberry, lavender, chocolate and vanilla.

Our Pure CBD + Oil contains no THC (0.00%), offering the most beneficial components to aid with various illness such as epilepsy, anxiety, inflammation and pain release

CBD SOFT CAPSULES

0.0% THC

Our CBD Softgel contains THC level of 0.00%, MCT oil base, Bovine capsule shell and optional additives such as: Lemon Balm, Ginseng, Valerian Root, Melatonin and Ashwagandha

Our Broad Spectrum contains below detection level of THC, offering the most beneficial components to aid with various illness such as epilepsy, anxiety, inflammation and pain release.

Optional Additives: Lemon Balm, Ginseng, Valerian Root, Melatonin and Ashwagandha

Optional Vitamins: A, D, E & K

CBD MULTIVITAMIN GUMMIES

Our CBD Multivitamin combines the benefits of CBD as well as a wide range of Vitamins (A, B6, B12, C, D3, D).

CBD GUMMIES are formulated with full-spectrum, water-soluble extract with cannabidiol (CBD) and other beneficial phytocannabinoids derived from industrial hemp.

Vitamins A, B6, B12, C, D3, folic acid and zinc contribute to the normal functioning of the immune system.

Vitamins C, E and zinc contribute to the protection of cells from oxidative stress.

CBD COLLAGEN DAY CREAM

Our Collagen Day Cream is packed with active ingredients like hydrolysed collagen and hyaluronic acid, it hydrates your skin and combats visible signs of ageing. It gets rid of spots and other discolourations, while vitamins and antioxidants boost elasticity and strengthen the skin's connective fibres. The magic comes from the high levels of CBD, which exfoliates and cleanses the pores, reducing breakouts and redness.

CBD FIRMING NIGHT CREAM

CBD Firming Night Cream combines the benefits of CBD, natural oils and antioxidants. This combination creates a comforting night cream that revitalises, nourishes and rejuvenates the skin.

CBD Firming Cream will make your skin look smoother and firmer. Wrinkles appear softened and the skin feels fuller. A CBD-enriched night cream encourages optimal night-time regeneration to maintain the skin's youthful qualities.

CBD REBORN SERUM

Our Reborn Serum is a highly potent anti-ageing serum that revitalises the skin, while stimulating the natural oxygenation and cell renewal.

Our CBD Reborn Serum minimises age spots and the appearance of fine lines, it dramatically improves the look of your skin. Italian immortelle flower hydrolate diminishes scars and blemishes. High in hyaluronic acid, the serum uplifts the skin with the strength of full-spectrum hemp extract. By stimulating the blood circulation just below the surface, it provides you with radiance and a signature glow.

CBD HEALING SERUM

Our Healing Serum is an oil-based super-CBD-enriched serum that works as an all-over healer of troubled skin, revealing a healthier, fresher looking you

Our CBD Healing Serum works as an anti-inflammatory agent, soothing redness and calming skin irritations. With carefully selected organic oils, our ingredients are enriched with an advanced full-spectrum hemp extract of superior quality, making the serum a star in natural beauty.

RESEARCH DEVELOPMENT

Our production facilities follow the highest of quality standards in the United Kingdom and European Unions.

UNITED KINGDOM PLANT

Our manufacturing facility in United Kingdom is responsible for most of our supplements and green health solutions. With close to 60 years of manufacturing experience, our quality standard is unmatched. We continuously develop and improve our formulas to achieve the best possible health solutions for our clients worldwide. We source the most sustainable health ingredients across the globe and use only high-grade components to realise each and every supplement

EUROPEAN PLANTS

Our European manufacturing plants are responsible for our CBD supplements. Our products are produced and certified with Good Manufacturing Practice. Our crops are cultivated and certified with Good Agricultural and Collection Practice. For full transparency our final products are equipped with a Product Information File.
